

## Anti-Frontex Days Warsaw 19-22.05.2015

### Programme

#### **19.05 Tuesday**

Evening:

welcoming newcomers, film screening, photography exhibition (about history of resistance against Fortress Europe and Frontex)

#### **20.05 Wednesday**

"My world" Conference for refugees and migrant support networks; we would like to focus it on two topics, concentrated in two blocks

- 11.00-13:00 Block 1: *The world where I'm living*  
(When and how is broken my as a migrants right. States legislation with regard to me. Cases when states are broken a rights of life, movement, cases of discrimination, racism. Examples when the law itself infringes on a fundamental convention of human rights or other international law. A suggestion is there to keep to the arguments of facts rather than emotions; one of the ideas is to refer to Geneva Convention and how it works/doesn't work in real life)
- 13:00-14:00 Questions to the Block 1 speakers
- 14.00-15:00 Lunch break
- 15.00-17:00 Block 2: *The world where I want to live*  
(Changes that i want to do to have a world where i want to live - Law, reality, relations, level of freedom. What is our goal? How to achieve it?)
- 17:00-18:00 Questions to the Block 2 speakers

If you'd like to actively participate in the conference, please send us brief summaries of what you'd like to present, and which part of the conference you'd see your presentation in. Please keep in mind:

- The presentations should not be longer than 15 minutes, for all the speakers to get a chance.
- The main language of the Conference is English, and there shall be interpreting into Polish. Please let us know if you need other linguistic aid at the Conference or during other events.
- We attempt for the Conference to produce a memorandum, or a paper which we can hand to political authorities responsible for migrants' situation in UE and Poland by the end of the Anti-Frontex Days, and announce publically. All speakers at the Conference will be invited to participate in forming such a memorandum.
- The time schedule is flexible, but we would not like to extend it excessively, because of the necessary preparations for the following days' actions afterwards.

Evening:

- preparation for the demo (materials, banners, props or costumes, planning)

- strategic discussions

#### **21.05 Thursday**

- preparation for the demo pt. 2

- general meeting before the demo

17:00 DEMONSTRATION - route TBA

*The demo will commemorate victims of systemic racism and EU/Schengen border policy; including Maxwell Itoya gunned down by police 5 years ago, Mediterranean boat people, and many others; you're welcome to creatively participate - send us your ideas or tell us when you come.*

Evening:

Migraparty - music and socializing event
